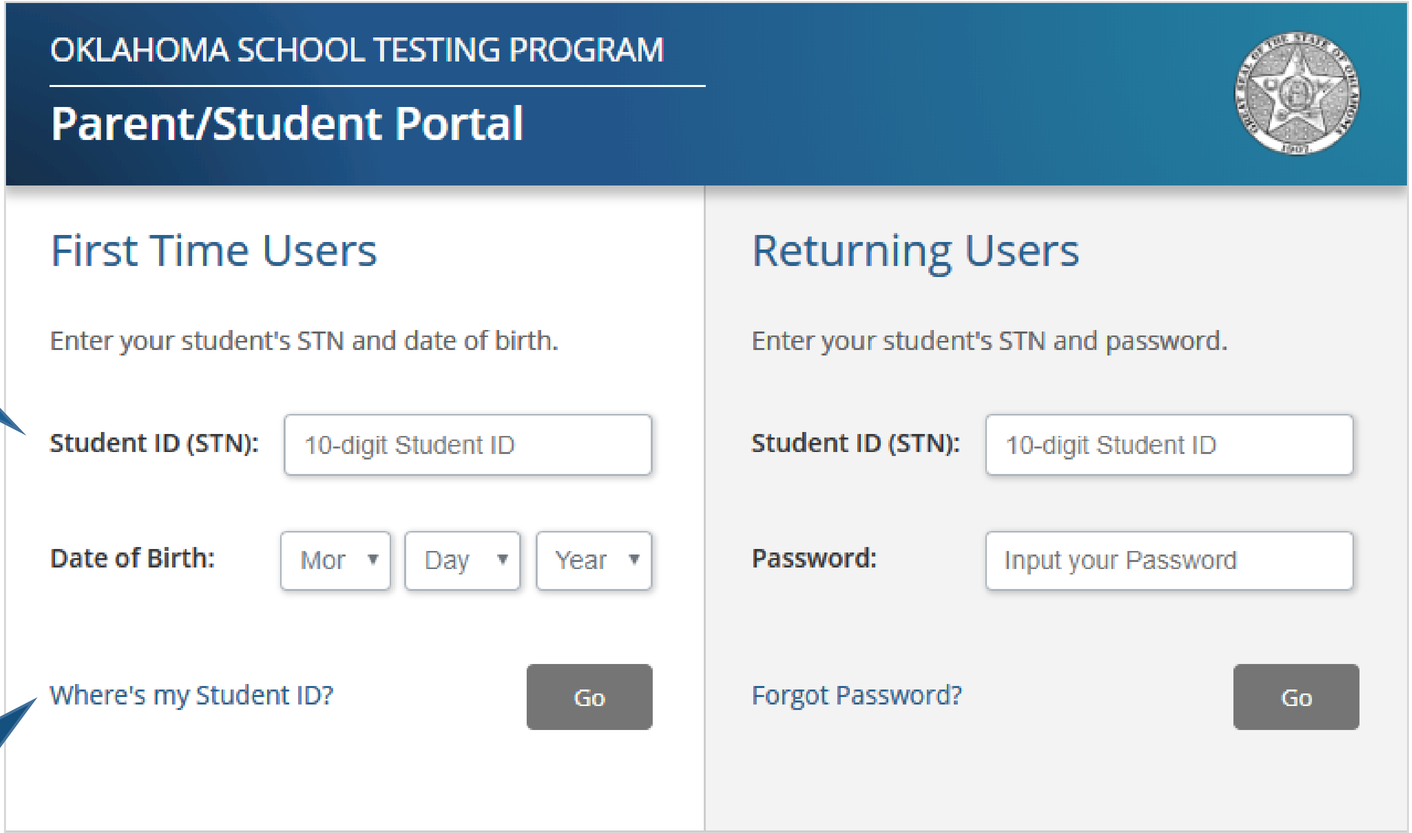
Getting Started

First time users will enter your student's Student ID and Date of Birth, then click **Go**.

If you are unsure of your student's Student ID, click on **Where's my Student ID?** for detailed help.



OKLAHOMA SCHOOL TESTING PROGRAM

Parent/Student Portal

First Time Users

Enter your student's STN and date of birth.

Student ID (STN): 10-digit Student ID

Date of Birth: Mor ▾ Day ▾ Year ▾

Where's my Student ID?

Go

Returning Users

Enter your student's STN and password.

Parent/Student Portal

First Time Users

Enter an email and password to register.
You will use the student's STN and password on subsequent logins.

Your Email: Input Your Email

Password: Input Your Password

at least 8 characters, 1 uppercase, 1 number, 1 lowercase, 1 special, at most 30 characters

☐ I have read and agree to the privacy agreement.

Privacy Agreement

The Oklahoma Parent Portal provides secure, online access to a student's state assessment performance. The portal is intended for use by the student's parent(s) or legal guardian(s). Individuals under the age of 13 are not authorized to register for access to this portal.

- I verify that I am the parent or legal guardian of the child and I have legal authority to obtain my child's educational information.
- I certify that I will advise my student's school of any issues resulting in a need for change of access to student records. I also understand that the Oklahoma State Department of Education reserves the right to grant or deny

Spring 2018 - OSTP Grade 8 Mathematics

Achievement Level Performance

Based on Oklahoma Performance Index (OPI)

Student's Performance Level: **ADVANCED**

Your student's OPI score on any one test provides an estimate of what he/she knows and is able to do. If tested again, your student would likely score in the range: 309-323.

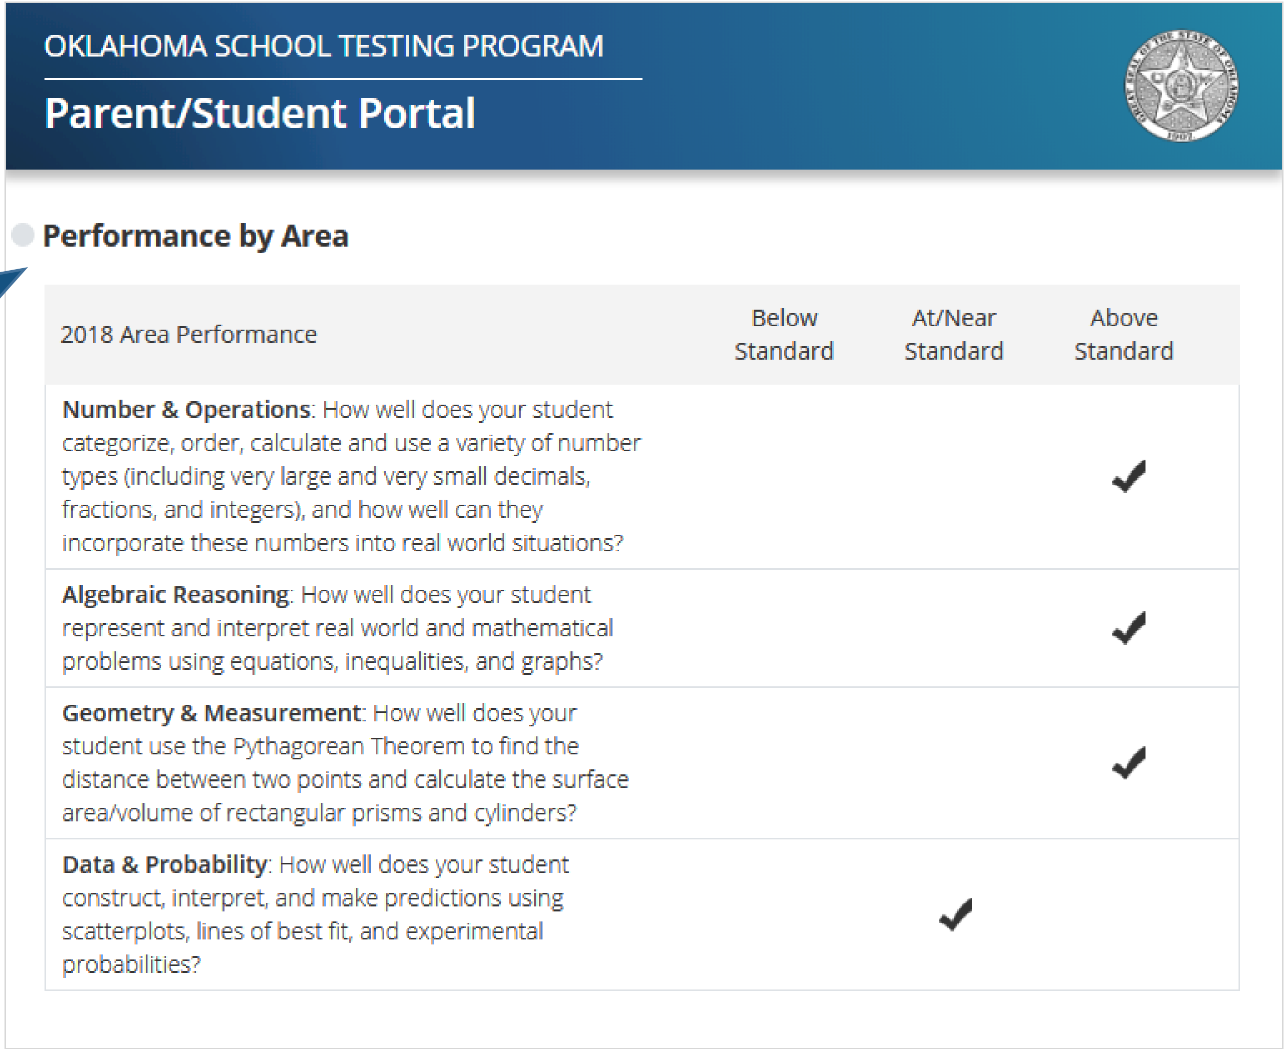
Your student's Quantile Measure is 1250Q. More at http://sde.ok.gov/sde/quantiles

To return to the test history page, click **Back To Tests**.

For Mathematics, your student's Quantile Measure will be displayed. The Lexile Measure will be displayed when viewing English Language Arts. Both measures include links that provide additional information.

Detailed Test View

As you scroll, you will see your student's Performance by Area along with each Reporting Category's description. This section shows if your student is Below, At/Near or Above Standard in each Reporting Category, indicated by a checkmark.



OKLAHOMA SCHOOL TESTING PROGRAM

Parent/Student Portal

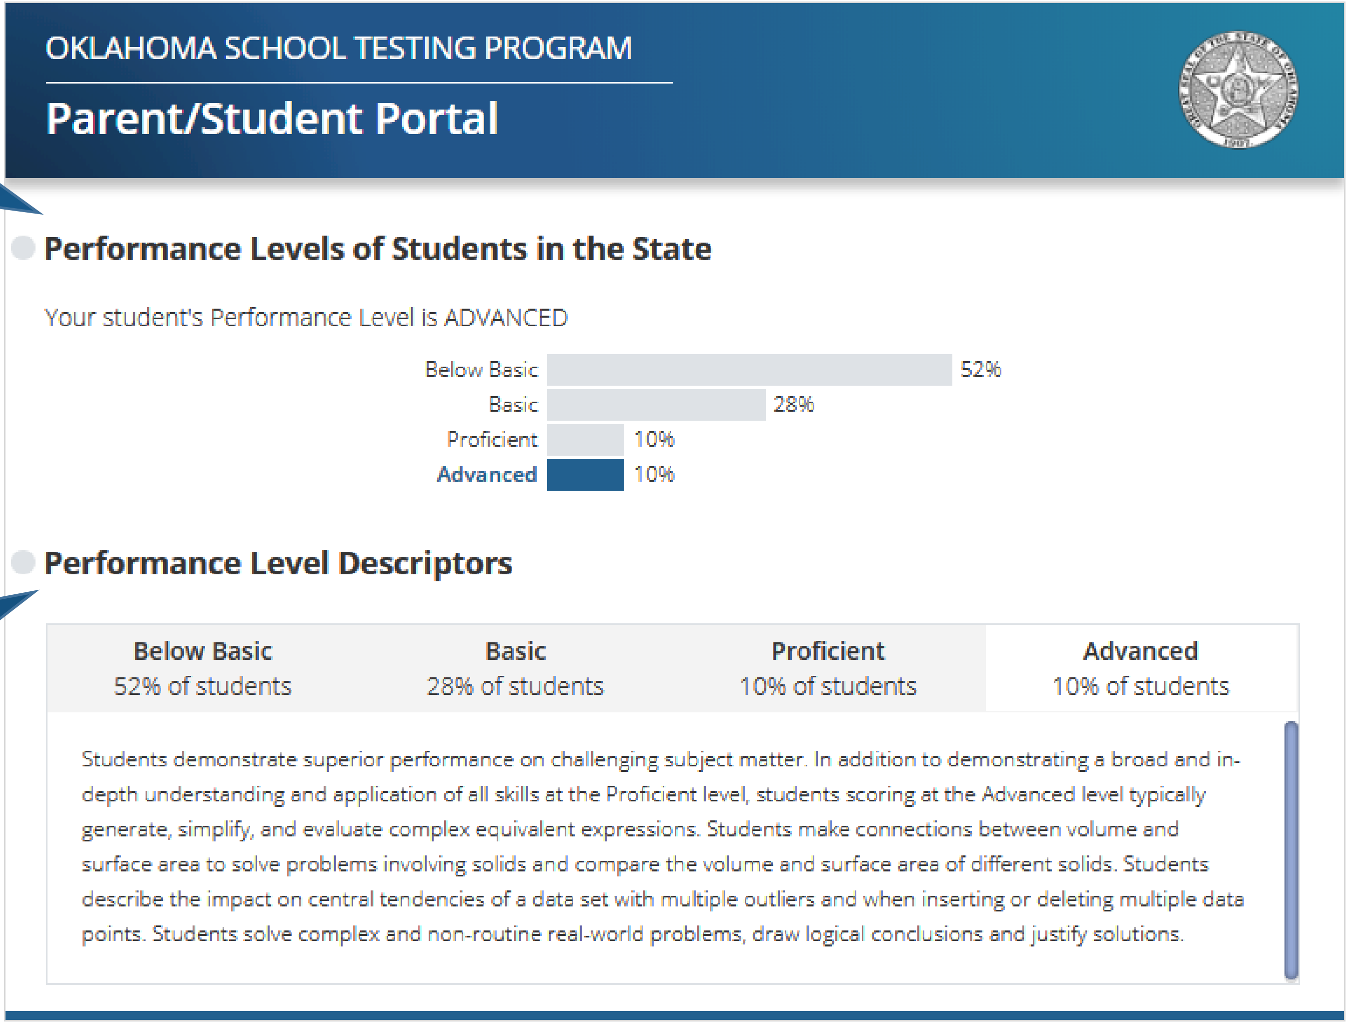
Performance by Area

2018 Area Performance	Below Standard	At/Near Standard	Above Standard
Number & Operations: How well does your student categorize, order, calculate and use a variety of number types (including very large and very small decimals, fractions, and integers), and how well can they incorporate these numbers into real world situations?			✓
Algebraic Reasoning: How well does your student represent and interpret real world and mathematical problems using equations, inequalities, and graphs?			✓
Geometry & Measurement: How well does your student use the Pythagorean Theorem to find the distance between two points and calculate the surface area/volume of rectangular prisms and cylinders?			✓
Data & Probability: How well does your student construct, interpret, and make predictions using scatterplots, lines of best fit, and experimental probabilities?		✓	

Detailed Test View

Next you will see your student's Performance Level compared to the percentage of students that scored in each Performance Level throughout the state.

The Performance Level Descriptors table provides a description for each Performance Level. Click on the tabs to transition through descriptions.



OKLAHOMA SCHOOL TESTING PROGRAM

Parent/Student Portal

Performance Levels of Students in the State

Your student's Performance Level is ADVANCED

Below Basic 52%
Basic 28%
Proficient 10%
Advanced 10%

Performance Level Descriptors

Below Basic 52% of students	**Basic** 28% of students	**Proficient** 10% of students	**Advanced** 10% of students

Students demonstrate superior performance on challenging subject matter. In addition to demonstrating a broad and in-depth understanding and application of all skills at the Proficient level, students scoring at the Advanced level typically generate, simplify, and evaluate complex equivalent expressions. Students make connections between volume and surface area to solve problems involving solids and compare the volume and surface area of different solids. Students describe the impact on central tendencies of a data set with multiple outliers and when inserting or deleting multiple data points. Students solve complex and non-routine real-world problems, draw logical conclusions and justify solutions.

Detailed Test View

At the bottom of your student's detailed test results you will find resources for additional information as well as a Glossary of Terms to help you when viewing your student's test results.

Use your browser's functionality to print any of the pages within the Parent/Student Portal.

Visit the Oklahoma Department of Education at http://www.sde.ok.gov
Click on the Services tab and then on Assessment to access sample test questions, study materials, and practice test items. Report cards for your student's school can be accessed from the Department of Education's home page.

The National Assessment for Educational Progress (NAEP), also known as the "Nation's Report Card," is the leading national assessment of what America's students know and can do in Reading, Mathematics, and several other academic subjects. Further information for parents is available on the NAEP Web site at **http://nces.ed.gov/nationsreportcard/parents**.

Purpose of the Oklahoma School Testing Program
To obtain information about the performance of Oklahoma students to ensure they meet high standards and to evaluate the implementation of the Oklahoma Academic Standards. The OSTP is a standards-based assessment.

GLOSSARY OF TERMS

OPI Score	The Oklahoma Performance Index (OPI) is a scaled score used to place students into one of the four performance levels.
Performace Level	Different ranges of OPI Scores define the four levels of performance: Advanced, Proficient, Basic, and Below Basic.
Proficient	Students who score 300 (Proficient) or above on Math, Science or ELA are considered to be on track for college and career readiness.

IMPORTANT: The Performance Level indicates the student can perform the majority of what is described for that level and even more of what is described for the levels below. The student may also be capable of performing some of what is described in the next level, but not enough to have reached the level. A description of each Performance Level is presented above.
